## Meet the WSO Training Team

**John Davis**

Director of the Coptic Fellowship International and Spiritual Unity of Nations (SUN) and author of several books, including "Messiah and the Second Coming", "Revelation for Our Time", and "Be the Light of the World".

**Michael DeLano**

Lifelong Coptic student, radio host, and frequent MC (master of ceremonies), Michael brings a deep insight into how the Coptic philosophy may be applied to everyday life.

**Alan Tutt**

Owner of PowerKeys Publishing, author of 9 books and other materials, photographer, and marketing consultant, Alan brings his experience from over 16 years of sharing his wisdom of personal empowerment and business acumen.

**Barb Huttinga**

Previous owner of The Healing Center in Lakeview, Michigan, naturopathic educator, and frequent speaker at the Coptic Center, Barb is focused on helping our students achieve personal well-being on physical, mental, and emotional levels.

## Details

The Coptic Fellowship has been training heart-centered leaders since 1985. WSO (World Service Order), the first of four levels of training, represents a significant leap forward for many students.

Explore new possibilities for your life in a safe, accepting environment. Learn new ways of presenting yourself, and practice speaking about your interests and passions. Dig deep to find your core mission, and learn to manifest whatever is required to make your vision a reality.

Our instructors are here as a resource for you to draw upon, serving in whatever capacity is required by the class. While there are general topics and guidelines for the course, each year it becomes something new and unique as the instructors adapt themselves to the needs of the students.

WSO is presented over four weekends, October 12th & 13th, November 23rd & 24th, March 14th & 15th, and May 16th & 17th.

**Register today and set your intention  
for a new and better tomorrow,  
for yourself and the world at large.**
